Art Unit: 2652

Claims 1-4 are now pending.

Election/Restrictions

1. Applicant's election without traverse of species (3), i.e., claims 3-4, in the reply filed on 7/15/05 is acknowledged.
2. Claims 1-2 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 7/15/05.

Drawings

3. The replacement drawings were received on 7/15/05. These drawings are acceptable.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 3-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. (a) Claims 3 & 4 recite "wherein the differences (flatness) in height among said projections...are within 40 um." It is not clear from this statement whether the height (h1) of each of the projections are 40um, i.e., from the clamper (or turntable surface) or that the difference in height between each of the projections are within 40um. The language in the claims (and the specification) does not make this clear.

Art Unit: 2652

Allowable Subject Matter

6. Claims 3 & 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

7. Applicant's arguments, filed 1/28/05, with respect to claims 3-4, along with the amendments to the claims, have been fully considered and are persuasive. However, in response to the newly added language, a 112 (2) rejection has been set forth, as described, supra.
